

Spare Parts Manager Beverages Bucharest

On behalf of our client, a major FMCG international group which owns a wide portfolio of beverages and several plants in Romania, we are looking for a **Spare Parts Manager**, a passionate team player which will be responsible for the implementation and coordination of all maintenance and repairs projects planned for the plants.

Responsibilities:

- Develops comprehensive maintenance strategy plan across all strategic areas with milestones, timelines and evaluation criteria and aligns with OpCo vision;
- Optimizes strategy, taking into account site/OpCo master plan and PA&IT master plan and vice versa;
- Optimizes maintenance processes and speeds them up by delegating authority and responsibility (and improving ownership), while maintaining overall accountability;
- Continuously collaborates with all stakeholders and seeks ways to improve maintenance services;
- Ensure consistency and standardization of maintenance activities across the OpCo by defining standards, trainings and auditing compliance with standards and procedures;
- Initiates, leads and supports initiatives to improve spare parts purchasing and free operating cash flow at Opco level
- Manages projects involving internal and external stakeholders (e.g. safety and environmental inspections); typically, leads maintenance capabilities related projects.

Requirements:

- Engineering degree qualified is a must; at least 3 years in a maintenance related position;
- Significant hard and soft knowledge regarding maintenance processes;
- Significant knowledge and experience in technical issues covering a breadth of activities;
- Strategic thinking and analytical skills;
- Critical and innovative thinking;
- Ability to work under pressure.
- Fluent in English.
